ONLINE INFORMATION GATEWAY

भारत सरकार
Government of India
भाभा परमाणु अनुसंधान केंद्र
Bhabha Atomic Research Centre
वैज्ञानिक सूचना संसाधन प्रभाग
Scientific Information Resource Division

Rediscover within BARC Internet network at <http://lakshya.barc.ernet.in>

Lakshya, a Hindi word meaning Target, aims to provide Internet digital resources to BARC Scientists and Engineers for their Research & Development activities. This Online information gateway was setup and commissioned in December 2002 with online access to few hundred scientific and technical electronic journals.

Currently more than 2500 E-journals and other E-Resources are available on Lakshya, a majority of them with full text.

VISION

- ❖ Meet the information needs of scientists and engineers of the research centre as fully and speedily as possible
- ❖ Completely integrated web browser based services
- ❖ IT solution to digital Internet resources

MISSION

- ❖ To empower BARC Scientist & Engineers with seamless & timely access of digital Internet resources on their desktop computers.

FEATURES

- 📖 User friendly and seamless access to E-Journals available on either IP address based or login ID based access without remembering login ID and password
- 📖 Downloadable Full text articles in different file formats as supported by publishers
- 📖 Search for E-Journals available on Lakshya, BARC
 - Subject-wise
 - Title-wise
 - Descriptor-wise
- 📖 Title-wise alphabetical list of E-Journals
- 📖 Publisher-wise alphabetical list of E-Journal titles
- 📖 Online references, encyclopedias, Internet-INIS database, E-Books, Useful web sites etc. are also available
- 📖 Bulletin Board for news updates on trial online offers from various publishers/agents
- 📖 Online facility for submission of suggestions /Feedback from users
- 📖 FAQ related to online facilities available at Central Library

A large number of journals are covered under DAE Consortium from Elsevier online web  interface. In addition journals from publishers who are providing complimentary online access to their E-Journal archivals against currently subscribed print journals in the Central Library, are also available.

Apart from these, many journals, which are available freely, are also included in Lakshya. In coming months, many more journals and other E-resources would also be hosted on Lakshya, some of them under consortia.

NOMENCLATURE

To facilitate users to identify the mode of availability of E-journals, a graphic icon-based nomenclature has been adopted.

-  Subscribed E-Journals with full text
-  Complimentary E-Journals with full text
-  Partner Web Publishers of Elsevier with full text, wherever applicable
-  Non-Subscribed E-Journals with abstract only

 E-Journals access supported by publisher against subscribed print version. Archival access vary from publisher to publisher

 Public domain Free access E-Journals (Full text or abstracts or TOC)
