TENDER NOTICE

Sub: Dismantling and Disposal of Pipelines and Equipment Located at Water Treatment Area and Valve Room

1.0 Sealed quotation is invited, for and on behalf of the President of India, for the above job as per the description and scope of work given below.

1.1 Tender offer is to be submitted in two parts viz. **Part-A** (Techno-commercial Bid) and **Part-B** (Price Bid).

In **Part-A** (Technical Bid) bidder must attach following documents;

- PAN No, GST certificate / Number.
- List of available plant & machinery.
- List of technical manpower along with organizational structure.
- Proof of having satisfactorily completed similar works.

In **Part-B** (Price Bid), the quotation shall be in the format of attached schedule-B and shall show the basic cost and GST separately, if applicable.

1.2 Bidders are required to submit in separate sealed envelopes, containing and indicating the following on outside:

First Envelope	Tender no.	Part-A (Technical Bid)
Second Envelope	Tender no.	Part-B (Price Bid)

The technical bid and the financial bid should be sealed by the bidder in separate covers duly super scribed and both these sealed covers are to be put in a bigger cover which should be sealed and duly super scribed with the name of the work, name and address of bidder, tender notice no. and due date.

1.3 Sealed and super scribed Tenders as mentioned above in 1.1 shall be sent to and will be received up to **15.00 hrs. of 06th December 2021 only, at the address given below. The quotation shall be sent through registered post / speed post through Indian postal services only.** Quotation delivered by person or through courier will not be accepted and not considered for bidding process.

To,
ROD Office, Dhruva
Kind Attn: Shri M K Ojha, SO/F
ROD/ CIRUS
BARC, Trombay
Mumbai-40085

- 1.4 After opening of Part-A of the tender, bidders shall be evaluated, for their techno-commercial capability to carry out the work based on;
- a) Technical capabilities in regard to tendered work
 - b) Organizational structure.
 - c) Available resources, skilled man power and previous experience of similar jobs.
 - d) Quality and safety consciousness.
 - e) Adherence to time schedule for the completed works.

Those who do not satisfy the conditions shall not be considered. Part-B (Price Bid) of tender will be opened at a later date only for the successful bidders who are qualified through technical evaluation.

- 1.5 The acceptance of tender will rest with Decommissioning Suptd., Cirus & Apsara, ROD on behalf of The President of India who does not bind himself to accept the lowest tender and reserves to himself the authority to reject an or all of the tenders received, without assignment of any reason.
- 1.6 In the event of any conflict between or within the various sections of this specification or in case of any doubt, decision of the indenter shall be final.
- 1.7 The contractor is specifically requested to visit the site and familiarize himself with the location and facilities available for this work and obtain any other information which may influence or affect this tender, before submitting quotation.
- 1.8 The bidder shall quote clearly give break up of basic price and taxes.
- 1.9 The quotation shall be given on vendor's letter head and properly signed in the format given in the Schedule of work. The vendor shall provide the PAN no. and GST no. along with quotation.
- 1.10 No advance or part payment is admissible.
- 1.11 The quality of workmanship shall conform to high standards and strictly as per specifications.
- 1.12 The contractor shall have experience in execution of similar jobs. Your quotation shall accompany suitable documents regarding this.

Annexure-1

Description and specification of different items of:

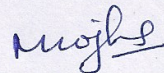

"Dismantling and Disposal of Pipelines and Equipment Located at Water Treatment area."

Following pipelines and tanks are to be dismantled and cut to disposable size and removed from basement and sub-basement for disposal:

- 1.0 The following CS pipe lines of PCW system are to be cut into size of 2 m length, the smaller diameter pipes are to be packed into bigger diameter pipes and seal the opening for disposal as active waste. These will be disposed by the department as active scraps:
 - i. 20" line of 20 m length
 - ii. 10" line of 6 m length
 - iii. 6" line of 3m length
 - iv. 4" line of 20 m length
 - v. 3" line of 30 m length
 - vi. 2" line of 30 m length
 - vii. 2 ½" line of 3m length
 - viii. 1 ½" line of 45 m length
- 2.0 Dismantling and cutting of CS pipeline of sea water, and SS pipe lines of Helium & heavy water system into size of 2 m length. These pipe lines are to be disposed to TV Stores by the contractor as inactive scraps after confirming with RHC:
 - i. 8" line of 26 m length
 - ii. 4" line of 28 m length
 - iii. 2 ½" line of 20 m length
 - iv. 2" line of 20 m length
 - v. 1 ½" line of 18 m length
 - vi. 1" line of 9 m length
- 3.0 To cut and remove three carbon steel tanks of 3 m x 2 m x 1.5 m size from sub-basement of valve room pack the cut scraps into a package suitable for transportation to active storage area. These will be disposed by the department as active waste.
- 4.0 To cut and remove one tank of 3 m x 1.5 m x 1.5 m size from basement at water seal room. These will be disposed by the contractor to TV stores after confirming with the RHC.
- 5.0 Packing of four tons of active scraps removed from LHR into package suitable for transporting to storage yard.

Note:

- i. All the dismantled pipelines and equipment will be thoroughly checked for radioactivity and contamination. Those scraps found radioactive during checking will be disposed by the department. Packaging of the radioactive pipes shall be done by the contractor as per instructions of the officer in charge.
- ii. Those materials found inactive will be disposed by the contractor to TV Stores located 3 km from the site.

M K Ojha (SO/F)
Officer in charge
