

High Tech. Consultancy & Services provided by BARC

Sr. No.	Name of the service provided	Costing for training/Consultancy/Service	Service provided by Divn/Unit	Service being provided since
1	Testing charges of CaSO ₄ Dy phosphor batch	Service charges	Radiological Physics & Advisory Division	September 2023
2	Revision of charges for services	Service charges	Radiation Safety Systems Division	May 2023
3	Consultancy for Time Health Monitoring of Turbine blades (Bharat Heavy Electricals Limited)	Consultancy charges	Reactor Engineering Division	June 2023
4	Revision of Service Charges for Certification course on Radiation Safety for Industrial Radiographer	Service charges	Radiological Physics & Advisory Division, BARC	May 2023
5	Accreditation of (Special Safety Services) (Vizag) TLD Personnel Monitoring Laboratory	Service charges	Radiological Physics & Advisory Division, BARC	April 2023
6	Certification course on Radiation Safety for Industrial Radiographer	Training course charges	Radiological Physics & Advisory Division, BARC	August 2023
7	Revision of Personnel Neutron dosimeter processing charge	Service charges	Radiological Physics & Advisory Division, BARC	August 2023
8	Isotopic analysis of Boron and Gadolinium by TIMS	Service charges	Fuel Chemistry Division, BARC	August 2023
9	Sample analysis by Particle induced Gamma-ray Emission (PIGE) at FOTIA: for costing per Hour for Boron Isotopic Analysis and Quantification of Low Z Elements. (Bhukhanvala Industries Pvt. Ltd., Navsari, Gujrat – 396424)	Costing for sample analysis	Radiochemistry Division, BARC	August 2023
10	Fabrication, Supply and installation of Neutron Powder Diffractometer by BARC for VINATOM, Viet Nam	Cost of fabrication, supply and installation	Solid State Physics Division, BARC	September 2023
