

Development of processes for biopolymer production and their modification for different food applications

Guar gum based edible films

Oxocatalyzed biodegradable
Films

Indian Patent no. **286015 Dt: 02/08/2017**

Radiation hydrolyzed guar
gum as dietary fibre

Radiation depolymerised
guar gum for making
encapsulated flavour
powder (solid state)

Xanthan gum production
technology

Psyllium (dietary fibre)
fortified Dhokla
